## Product End-of-Life (EOL) Notification

---

Affected Part Number(s):	EOL No.
LTC-X3T100000-1C1; LTC-X3T1xxx0-1B1 where x = 2448, 3448, 4548;	36

---

---

Part Description:	Date:
Gen 2.3 LuxiTune light engine 1600K-4300K, 1100lm; Gen 2.3 LuxiTune light engine 1600K-4300K, 1100lm kits with TIRs; custom variations	8/15/2019

---

---

Recommended Replacement Part Number(s):
LTC-X3T300000-1C1; LTC-X3T300000-1C5

---

---

Reason for EOL:
Gen 2.3 is replaced by Gen 2.4. The Gen 2.4 light engine uses an emitter that supports a larger tuning range from 1800K-6500K and there is improvement over Gen 2.3 in color quality, efficiency. Gen 2.4 also matches Gen 3.1 in control features.

---

---

Last Order Date:	Last Shipment Date:
8/30/2019	8/30/2019

---

---

Disposition of Existing Inventory
LuxiTune primarily sold direct to luminaire manufacturers. Use up stock if designed in, and migrate to improved Gen 2.4.

---

---

NOTE:
The TIRs and daughter cards are sold separately with the Gen 2.4 product and the compatible part numbers are in each product datasheet.
