

### OPTOTRONIC FIT D NFC HC L

#### Product family benefits:

- Global usage - CE & cURus approval
- Flexible and future-proof current setting via NFC (Near Field Communication)
- Lifetime: up to 100,000 h (temperature at Tc = 65 °C, max. 10 % failure rate)

#### Product overview:

- **OT FIT 380/220...400/1A4 D NFC HC L**  
Linear / Area Constant Current – Non dimmable.  
EAN: 4062172063586
- **OT FIT 1000/220-400/1A6 D NFC 2CH HC L**  
Constant Current LED driver for Horticulture applications with NFC – non isolated 2 Channel with 525W for parallel string operation. PCB Version without housing (aluminium plate on top).  
EAN: 4052899624429
- **OT FIT 500/220-400/1A6 D NFC HC B**  
Constant Current LED driver for Horticulture applications with NFC – non isolated. PCB Version without housing (aluminium plate on top).  
EAN: 4052899624436

# OSRAM Horticulture

## Designing the future of farming with smart lighting technology

Flexibility and year long expertise, controllable yields and forward-looking cultivation methods: that's what our OSRAM Horticulture product series stand for. Designed for greenhouse applications – OSRAM Horticultural lighting systems offer the right components for your lighting solution.

Customization is key: Our Horticulture portfolio offers flexible product ranges that will take indoor farming to the next level. When used in greenhouses, OSRAM's powerful range of key components guarantee the best technological tool kit for optimum yields.

Light is OSRAM
